2009/028**

In exercise of the powers conferred upon him by section 36 of the Crematoria Act 2008, the Minister has made the following Regulations—

Title and commencement.

1. These Regulations may be cited as the Crematoria Regulations 2009 and come into operation on the day of publication.

Fees.

2.(1) The fee payable to the Government for the interment of cremated human remains in a public cemetery shall be—

- (a) for the interment in a vault of the cremated remains of a person of or over 10 years of age, £52;
- (b) for the interment in a vault of the cremated remains of a person under 10 years of age, £30;
- (c) for the interment in an ordinary grave of the cremated remains of a person of or over 10 years of age, £40;
- (d) for the interment in an ordinary grave of the cremated remains of a person under 10 years of age, £24.

There shall be no fee for the interment of the cremated remains of a still born child.

(2) The fees in sub-regulations (1)(a) to (d) shall be increased by 50% for interments that take place (with the leave in writing of the Superintendent of the cemetery) before 9 o'clock in the morning or after 6 o'clock in the afternoon during the months of March to September or before 10 o'clock in the morning or after 5 o'clock in the afternoon during the months from October to February.

(3) The above fees do not affect the payment of fees under items 7 to 24 of Schedule 2 to the Cemetery Rules.

(4) The prescribed fee under section 3(1)(f) of the Act shall be £600.

Forms.

3. An application for a cremation authorisation under section 9 of the Act shall be made in form A in the Schedule and verified by being countersigned by a person to whom the applicant is known who shall certify that the applicant is known to him and that he has no reason to doubt the truth of any of the information furnished by the applicant.

4. A Coroner's certificate under section 10(3)(b) shall be made in form B in the Schedule.

5. A cremation authorisation under section 11 of the Act shall be made in form C in the Schedule.

Issue of cremation authorisation.

6. The Registrar of Births and Deaths shall, before issuing a cremation authorisation, examine the application and supporting documents and ascertain that they are such as are required by the Act and these Regulations. He may make any inquiry with regard to the application and supporting documentation that he may think necessary.

7. For the purposes of section 9(3)(c) and (d) of the Act where—

- (a) the deceased person died or the still-birth occurred outside Gibraltar; and
- (b) the Registrar of Births and Deaths receives a document which purports to be an authority to cremate from an overseas authority,

the Registrar of Births and Deaths may presume, unless the contrary is proven to him, that the document is evidence of the matters stated therein.

8. The Registrar of Births and Deaths shall not issue a cremation authorisation unless he is satisfied that the application is made by an executor or by the nearest surviving relative of the deceased, or, if made by any other person, that the fact that the executor or nearest relative has not made the application is sufficiently explained, and that the person making the application is a proper person to do so.

9. The Registrar of Births and Deaths shall not issue a cremation authorisation unless he is satisfied that the fact and cause of death have been definitely ascertained.

10. The Registrar of Births and Deaths may in any case decline to issue a cremation authorisation but must give reasons.

Cremations outside Gibraltar.

11.(1) Subject to sub-regulation (2) a cremation authorisation may make provision for the cremation of human remains to take place at a bona-fide crematorium outside Gibraltar.

CREMATORIA REGULATIONS 2009

Subsidiary
2009/028

(2) A cremation authorisation may only make such provision where the Registrar of Births and Deaths is satisfied that the provisions of the Act and these Regulations have been complied with to such an extent as would be required for him to authorise a cremation in Gibraltar.

(3) A cremation authorisation which includes provision for the cremation of human remains to take place outside Gibraltar may be subject to such conditions regarding the transportation of such remains as may be required by the Chief Environmental Health Officer.

(4) In this regulation “bona-fide crematorium outside Gibraltar” means a building or structure fitted with appliances for the purposes of cremating human remains and approved for the purposes of cremation pursuant to the law of the jurisdiction where the building or structure is located.
