- (a) the gravity and the duration of the infringement;
- (b) the criticality of the benchmark to financial stability and the real economy;
- (c) the degree of responsibility of the person against whom the enforcement power is being exercised;
- (d) the financial strength of the person, for example as indicated by total annual turnover or annual income;
- (e) in so far as they can be determined, the level of the profits gained or losses gained by reason of the infringement;
- (f) the level of cooperation with the FSC by the person, without prejudice to the need to ensure disgorgement of profits gained or losses avoided;
- (g) previous infringements by the person;
- (h) measures taken after the infringements by the person to prevent its repetition.

Warning notices.

25.(1) Before taking action under these Regulations in respect of an infringement, the FSC must give the person concerned a warning notice, stating the action proposed and the reasons for it.

(2) Sub-regulation (1) does not apply if the FSC is satisfied that a warning notice—

- (a) cannot be given because of urgency;
- (b) should not be given because of the risk that steps would be taken to undermine the effectiveness of the action to be taken;
or
- (c) is superfluous having regard to the need to give notice of legal proceedings or for some other reason.

(3) A warning notice—

- (a) must give the recipient not less than 14 days to make representations; and
 - (b) must specify a period within which the recipient may decide whether to make oral representations.
- (4) The period for making representations may be extended by the FSC.

Decision notices.

26.(1) This regulation applies where the FSC has–

- (a) issued a warning notice, or
 - (b) dispensed with the requirement to give a warning notice in accordance with regulation 25(2).
- (2) After considering any representations made in accordance with regulation 25, the FSC must issue–
- (a) a decision notice stating that the FSC will take the action specified in the warning notice;
 - (b) a discontinuance notice stating that the FSC does not propose to take that action; or
 - (c) a combined notice consisting of a decision notice stating that the FSC will take certain action specified in the warning notice and a discontinuance notice in respect of the remaining action.
- (3) A decision notice takes effect, and the specified action may be taken–
- (a) at the end of the period for bringing an appeal if no appeal is brought; or
 - (b) when any appeal is finally determined or withdrawn.

Appeals.

27.(1) The person on whom a decision notice is served may appeal to the Supreme Court.

Interim orders.

Publication.

29.(1) Subject to regulations 30 and 31, the FSC must publish on its website details of any action taken under this Part in respect of an infringement.

(2) Publication must take place immediately after the person has been informed of the decision.

(3) The information published must include at least—

- (a) the identity of the person against whom the action has been taken; and
- (b) the type and nature of the infringement.

(4) The FSC must ensure that any publication is of proportionate duration and remains on its website for a minimum of five years, but that personal data is only retained on the website for so long as is necessary, in accordance with the Data Protection Act 2004.

Restrictions on publication.

30.(1) The FSC must take one of the steps in sub-regulation (2) where—

- (a) following an obligatory prior assessment, it considers that it would be disproportionate to publish, in accordance with regulation 29, the identity of the person, or personal data of an individual; or
- (b) it considers that publication, in accordance with regulation 29, would jeopardise the stability of financial markets or an ongoing investigation.

(2) Those steps are—

- (a) to defer publication until the reasons for non-publication cease to exist;
- (b) to publish on an anonymous basis if doing so ensures effective protection of the personal data concerned; or
- (c) not to publish if the steps in paragraphs (a) and (b) are considered to be insufficient to ensure—

- (i) that the stability of the financial markets would not be put in jeopardy; or
- (ii) the proportionality of the publication with regard to measures which are deemed to be of a minor nature.

(3) In the case of a decision to publish on an anonymous basis, the publication of the relevant data may be postponed for a reasonable period of time if it is envisaged that within that period the reasons for anonymous publication shall cease to exist.

Publication, annulments and appeals.

31.(1) Where an enforcement action is appealed, the FSC must–

- (a) immediately publish on its website the fact that the decision is being appealed; and
- (b) when the appeal is concluded, immediately publish the outcome of the appeal.

(2) Where an enforcement action is annulled for any reason, that annulment must also be published.

FSC's powers.
