and any contract proposed must be consistent with the customer’s insurance demands and needs.

(3) The level of detail provided under sub-regulations (1) and (2) may be varied according to the type of customer and the complexity of the insurance product being proposed.

(4) Where an insurance intermediary informs a customer that it gives advice on the basis of a fair and personal analysis, it must do so on the basis of an analysis of a sufficiently large number of insurance contracts available on the market to enable it to make a personal recommendation, in accordance with professional criteria, regarding which insurance contract would be adequate to meet the customer’s needs.

(5) Before an insurance contract is concluded, and regardless of whether or not advice is given or whether the insurance product is part of a package to which regulation 17 applies, an insurance distributor must provide the customer with the relevant information about the insurance product in a comprehensible form to allow the customer to make an informed decision about the contract.

(6) The information provided under sub-regulation (5) may be varied according to the type of customer and the complexity of the insurance product being proposed.

(7) Sub-regulation (5) applies without limiting regulations 163 and 164 of the Financial Services (Insurance Companies) Regulations 2020.

Information provided by ancillary insurance intermediaries.

14. An ancillary insurance intermediary must comply with regulations 12(1)(a), (c) and (d) and 35(1)(d).

Information exemptions and flexibility.

15.(1) The information referred to in regulations 12, 13 and 35 does not need to be provided when an insurance distributor carries out distribution activities in relation to the insurance of large risks.

(2) A professional client within the meaning of the Financial Services (Investment Services) Regulation 2020 does not need to be provided with the information referred to in–

- (a) regulation 20; and
- (b) regulation 21.

(3) Where an insurance distributor is responsible for the provision of mandatory occupational pension arrangements and an employee becomes a member of such an arrangement without having taken an individual decision to join it, the information referred to in regulations 11 to 18, 34 and 35 must be provided to the employee promptly after the employee's enrolment in the arrangement concerned.

Information conditions.

16.(1) Any information which is provided in accordance with regulations 12, 13, 20 and 35 must be communicated to the customer–

- (a) free of charge;
- (b) in a clear and accurate manner, comprehensible to the customer;
- (c) in English or in any other language agreed upon by the parties; and
- (d) on paper or, subject to sub-regulation (2)–
 - (i) another durable medium, where the conditions in sub-regulation (3) are met; or

(2) Where the information is provided using a durable medium other than paper or by means of a website, a paper copy must be provided to the customer upon request and free of charge.

(4) The information may be provided by means of a website if–

- (a) it is addressed personally to the customer; or
- (b) the following conditions are met–
 - (i) the provision of that information by means of a website is appropriate in the context of the business conducted between the insurance distributor and the customer;
 - (ii) the customer has consented to the provision of that information by means of a website;

- (iii) the customer has been notified electronically of the address of the website, and the place on the website where that information can be accessed; and
- (iv) the information will remain accessible on the website for such period of time as the customer may reasonably need to consult it.

(5) For the purposes of sub-regulations (3) and (4), the provision of information using a durable medium other than paper or by means of a website is to be regarded as appropriate in the context of the business conducted between the insurance distributor and the customer if there is evidence that the customer has regular access to the internet, and the provision by the customer of an e-mail address for the purposes of that business is to be regarded as such evidence.

(6) In the case of telephone selling, the information given to the customer by the insurance distributor before the contract is concluded, including the insurance product information document, must be provided in accordance with the Financial Services (Distance Marketing) Act 2006 and, even if the customer has chosen to receive prior information on a durable medium other than paper in accordance with sub-regulations (3), information must be provided by the insurance distributor to the customer in accordance with sub-regulations (1) and (2) immediately after the insurance contract is concluded.

Cross-selling.

17.(1) When an insurance product is offered together with an ancillary product or service which is not insurance, as part of a package or the same agreement, the insurance distributor must inform the customer whether it is possible to buy the different components separately and, if so, must provide an adequate description of the components of the agreement or package and the costs and charges for each component.

(2) Where the risk or insurance coverage resulting from such an agreement or package offered to a customer is different from that associated with the components taken separately, the insurance distributor must provide an adequate description of the different components of the agreement or package and the way in which their interaction modifies the risk or insurance coverage.

(3) Where an insurance product is ancillary to a product or service which is not insurance, as part of a package or the same agreement, the insurance distributor must offer the customer the possibility of buying the product or service separately.

(4) Sub-regulation (3) does not apply where an insurance product is ancillary to—

- (a) an investment service or activity within the meaning of Chapter 2 of Part 6 of Schedule 2 to the Act;
 - (b) a mortgage credit agreement within the meaning of paragraph 116 of Schedule 2 to the Act; or
 - (c) a payment account within the meaning of paragraph 15 of Schedule 2 to the Act.
- (5) In any case where sub-regulation (1) or (3) applies, the insurance distributor must specify the demands and needs of the customer in relation to the insurance products that form part of the overall package or the same agreement.
- (6) Nothing in this regulation prevents the distribution of insurance products which provide coverage for various types of risks (multi-risk insurance policies).
- (7) The GFSC, acting on a case-by-case basis, may prohibit the sale of insurance together with an ancillary service or product which is not insurance, as part of a package or the same agreement, where it can demonstrate that such sales are detrimental to consumers.
- (8) This regulation must be applied having regard to any guidance issued by the GFSC on the assessment and supervision of cross-selling practices and, in particular, on situations in which cross-selling practices are not compliant with the general principle in regulation 11.

Product oversight and governance requirements.

18.(1) Insurance undertakings and intermediaries that manufacture insurance products for sale to customers must maintain, operate and review a process for the approval of each insurance product, or significant adaptations of an existing insurance product, before it is marketed or distributed to customers.

(2) A product approval process must be proportionate and appropriate to the nature of the insurance product.

(3) A product approval process must—

Indemnity arrangements.

54.(1) Insurance and reinsurance intermediaries must hold professional indemnity insurance or some other comparable guarantee against liability arising from professional negligence, for at least—

- (a) €1,300,380 for each claim; and
- (b) €1,924,560 in aggregate per year for all claims;

unless that insurance or a comparable guarantee is provided by an insurance or reinsurance undertaking or other undertaking for which the intermediary is acting or is empowered to act, or such an undertaking has assumed full responsibility for the intermediary's actions.

(2) Ancillary insurance intermediaries must hold professional indemnity insurance or comparable guarantees at a level prescribed by the Minister in regulations, taking into account the nature of the products sold and the activity carried out.

(3) An insurance, reinsurance or ancillary insurance intermediary must, on a permanent basis—

- (a) ensure that money paid—
 - (i) by the customer to the intermediary is treated as having been paid to the undertaking; and
 - (ii) by the undertaking to the intermediary is not treated as having been paid to the customer until the customer actually receives it;
- (b) have financial capacity amounting to 4% of the sum of annual premiums received, subject to a minimum of €19,510; and

- (c) ensure that customers' money is only transferred via strictly segregated client accounts which cannot be used to reimburse other creditors in the event of insolvency or bankruptcy.

Chapter 2 Customer Money.

Application.

54A. This Chapter applies to any customer money held or received by an insurance, reinsurance or ancillary insurance intermediary in the course of carrying on insurance distribution business.

Customer money.

54B.(1) For the purposes of this Chapter “customer money” is money of any currency which, in the course of carrying on insurance distribution business, an intermediary–

- (a) holds or receives under sub-regulation (2); or
- (b) owes to a customer under sub-regulation (3).

(2) An intermediary holds or receives money for the purposes of sub-regulation (1) if it enters or expects to enter into an agreement with or for a customer and holds or receives in Gibraltar or elsewhere in respect of that agreement any money–

- (a) which is not immediately due and payable on demand to the intermediary for its own account; or
- (b) which, although so due and payable, is held or received in respect of any obligation of the intermediary which has not yet been performed.

(3) An intermediary owes money to a customer for the purposes of sub-regulation (1) where money owed to a customer is immediately due and payable whether demanded or not.

Duty to segregate.

54C. An intermediary must pay all customer money coming into its hands for or from a customer into a specially created customer bank account which is segregated from any account holding money belonging to the intermediary.

Customer money to be held on trust and kept safe.

54D.(1) Customer money is held by the intermediary on trust for the respective customers for whom that customer money is received or held according to their respective shares in it.

(2) Customer money, unless paid out to or for a customer, must be kept in an account at a recognised credit institution on trust for the customer.

Accounting for and use of customer money.

54E. An intermediary must account properly and promptly for customer money and, in particular, must ensure that—

- (a) customer money and other money do not become mixed;
- (b) the intermediary can at all times be sure how much customer money stands to the credit of each customer; and
- (c) money belonging to one customer is not used for another customer.

Customer bank accounts.

54F.(1) An intermediary which receives or holds customer money must open one or more customer bank accounts with a recognised credit institution.

(2) The intermediary must give written notice to the credit institution, requiring it to acknowledge to the intermediary in writing that—

- (a) all money standing to the credit of the customer bank account is held by the intermediary as trustee and that the credit institution is not entitled to combine the account with any other account or to exercise any right of set-off or counterclaim against money in that account in respect of any debt owed to it by the intermediary; and
- (b) interest payable to the account will be credited to the account.

(3) If the credit institution does not provide the acknowledgement referred to in sub-regulation (2) within 10 business days of the dispatch of the notice by the intermediary, the intermediary must—

- (a) withdraw all money standing to the credit of the account;

- (b) close that account; and
- (c) deposit the money in a customer bank account with another recognised credit institution.

Interest on customer money.

54G.(1) Except in so far as may be agreed in writing to the contrary between an intermediary and each of its customers, an intermediary must, at least once in every six months, credit interest to each customer on money held for that customer and standing (or which should be standing) to the customer's credit in a customer bank account.

(2) Subject to any written agreement to the contrary, the minimum rate of interest payable is the minimum deposit rate publicly offered by the recognised credit institution at which the account is held.

Payment of other money into a customer bank account.

54H. Money which is not customer money must not be paid into a customer bank account unless it is required—

- (a) to open or to maintain the account;
- (b) to restore an amount withdrawn in error from the account; or
- (c) to be paid in as part of the interest earned on the account.

Payment out of a customer bank account.

54I.(1) Subject to sub-regulation (2), money may be withdrawn from a customer bank account only if—

- (a) it is not customer money;
- (b) it is properly required for payment to or on behalf of a customer; or
- (c) it is properly transferred to another customer bank account or into a bank account in the customer's own name.

(2) An intermediary may withdraw money from a customer bank account for or towards payment of its own fees or commission only if–

- (a) it has given the customer seven days’ notice of its intention and adequate detail of the breakdown of the proposed payment, and the customer has not objected;
- (b) the fees or commission accord with the arrangements agreed with the customer; or
- (c) the amount is agreed by the customer.

Intermediary as recognised credit institution.

54J.(1) Where the intermediary is a recognised credit institution it may hold a customer bank account with itself.

(2) An intermediary is not liable to account to the customer for any profits it makes as a credit institution by using the funds in a customer bank account to which sub-regulation (1) applies if it–

- (a) observes normal banking practice relating to money of that kind; and
- (b) complies with these Regulations.

Money held as agent of insurer.

54K.(1) An insurance, reinsurance or ancillary insurance intermediary which holds money in accordance with an agency agreement–

- (a) is not required to hold the money as customer money and keep it in a customer bank account in accordance with the other provisions of this Chapter; and
- (b) may hold the money as customer money and keep it in a customer bank account only if the agency agreement expressly provides for it to be held and kept in that manner.

(2) In this regulation, an “agency agreement” means a written agreement with an insurance undertaking which expressly provides for the intermediary to hold money as agent of the insurance undertaking–

- (a) for the purpose of receiving premiums;

- (b) for the purpose of—
 - (i) settling claims; or
 - (ii) handling premium refunds; or
 - (c) for any other purpose which is specified in the agreement and connected to the intermediary's insurance distribution activities on behalf of the insurance undertaking.
- (3) An agency agreement must—
- (a) where sub-regulation (2)(a) applies—
 - (i) authorise the intermediary to act as agent of the insurance undertaking for the purpose of receiving premiums from the intermediary's customers; and
 - (ii) provide that any premium which the intermediary receives is to be treated as being received by the insurance undertaking when it is received by the intermediary;
 - (b) where sub-regulation (2)(b) applies—
 - (i) authorise the intermediary to act as agent of the insurance undertaking for the purpose of receiving and holding (as the case may be)—
 - (aa) claims money prior to its transmission to the customer making the claim; or
 - (bb) a premium refund prior to its transmission to the customer entitled to the refund; and
 - (ii) provide that the claims money or premium refund (as the case may be) is to be treated as received by the customer only when it is paid to the customer; or
 - (c) where sub-regulation (2)(c) applies—
 - (i) authorise the intermediary to act as agent of the insurance undertaking for the purpose specified;

- (ii) specify that purpose; and
- (iii) provide that any money held by the intermediary for that purpose is to be treated as being held by the insurance undertaking and that any payment made from that money to any person is to be treated as paid only when the money is received by the person entitled to it.

(4) Before entering into an agency agreement an intermediary must be satisfied, on reasonable grounds, that the terms of any policies issued by the insurance undertaking to the intermediary's customers are likely to be compatible with that agency agreement.

(5) An intermediary which holds or is to hold money in accordance with an agency agreement must give written notice to any customer who may be affected by the agreement—

- (a) that the intermediary hold the customer's money as agent of the insurance undertaking; and
- (b) of the nature of that agency and, in particular, of the purposes in sub-regulation (2) to which the agreement extends.

(6) Notice under sub-regulation (5) may be given in a customer agreement, the intermediary's terms of business, or by any other appropriate means.

(7) An intermediary may carry on business—

- (a) on the basis of an agency agreement for some of its customers and by complying with the requirements of the other provisions of this Chapter for other customers; or

- (b) on either basis for the same customer but in relation to different transactions,

but an intermediary that does so must have adequate administrative systems and controls in place which ensure that money held for customers and in respect of transactions conducted on either basis is kept separate.

(8) An agency agreement may provide for client money which is received by an intermediary's appointed representative to be held as agent for the insurance undertaking and, in that event, the appointed representative must give notice, in accordance with sub-regulation (5), to any client who may be affected that agreement.

(9) An intermediary must retain a copy of any agency agreement for at least six years from the date of its termination.

**PART 6
REPORTING AND NOTIFICATION**

**Chapter 1
General**

Publication of sanctions and other measures.

55.(1) This regulation applies–

- (a) where the GFSC has taken any sanctioning action under the Act or these Regulations in respect of a contravention of a regulatory requirement; and
 - (b) instead of sections 616 to 617 of the Act.
- (2) The GFSC must publish on its website only details of any sanctioning action taken in respect of a person without undue delay after that person is informed of that action.
- (3) The information published must be limited to–
- (a) the identity of the individual or legal person responsible for it;
 - (b) the type and nature of the contravention; and
 - (c) the details of the sanctioning action taken.
- (4) The GFSC must take one of the steps in sub-regulation (5) where–
- (a) following an obligatory prior assessment, it considers that it would be disproportionate to publish in accordance with sub-regulation (2)–
 - (i) the identity of the legal person involved; or
 - (ii) the personal data of the individual involved; or
 - (b) it considers that publication would jeopardise the stability of financial markets or an ongoing investigation.

(5) Those steps are—

- (a) to defer publication until the reasons for non-publication cease to exist;
- (b) to publish the decision on an anonymous basis if doing so ensures effective protection of the personal data concerned; or
- (c) not to publish the decision if the steps in paragraphs (a) and (b) are considered to be insufficient to ensure—
 - (i) that the stability of the financial markets would not be put in jeopardy; or
 - (ii) the proportionality of the publication of such decisions with regard to measures which are deemed to be of a minor nature.

(6) In the case of a decision to publish on an anonymous basis, the publication of the relevant data may be postponed for a reasonable period of time if it is envisaged that within that period the reasons for anonymous publication will cease to exist.

(7) Sub-regulation (2) does not apply while an appeal could be brought or is pending.

(8) But the GFSC may apply to the Supreme Court for permission to publish a decision which is or may be subject to an appeal and in such cases section 618 of the Act applies.

(9) The GFSC must ensure that any publication is of proportionate duration and remains on its website for not more than two years or, if longer, the period during which any sanction imposed applies (and, for the purposes of publication, a sanction which is imposed without a specific duration is to be regarded as having a duration of three years).

(10) The GFSC must ensure that personal data is only retained on the website for so long as is necessary, in accordance with the data protection legislation.

Reporting of breaches.

56.(1) The GFSC must establish effective mechanisms to enable and encourage the reporting to it of possible or actual breaches of these Regulations.

(2) Those mechanisms must include—

- (a) specific procedures for the receipt and follow-up of reports;

This version is out of date

- (b) access for employees and other persons who report breaches committed within insurance or reinsurance distributors to—
 - (i) information and advice on the legal procedures and remedies available to protect the person against retaliation, discrimination or other types of unfair treatment, including on the procedures for seeking compensation; and
 - (ii) effective assistance from the GFSC before any relevant authority involved in the person's protection against unfair treatment, including certification by the GFSC in any employment dispute of the reporting person's status as a person who has reported a breach.
- (c) protection of the identity of both the person who reports the breach and the individual who is allegedly responsible for the breach, at all stages of the procedure unless disclosure is required by law in the context of further investigation or subsequent administrative or judicial proceedings.

57. Omitted.

Chapter 2 Appointment of auditors

Ineligibility on ground of lack of independence.

60.(1) A person must not act as an auditor to an insurance, reinsurance or ancillary insurance intermediary if the person is ineligible for appointment to the office.

(2) A person is ineligible for appointment as auditor to an insurance, reinsurance or ancillary insurance intermediary if he or she is—

- (a) a director, officer, employee, shareholder or partner of the intermediary; or
- (b) a partner or employee of such a person.

(3) For the purposes of this regulation an auditor of an insurance, reinsurance or ancillary insurance intermediary is not regarded as an officer or employee of the intermediary.

Engagement letters.

61. An insurance, reinsurance or ancillary insurance intermediary must ensure that the auditor appointed under these Regulations has the powers and duties specified in section 165 of the Act and regulation 63 and that–

- (a) those powers and duties are set out in an engagement letter;
- (b) the engagement letter is signed by the intermediary and the auditor; and
- (c) the intermediary retains a copy of the engagement letter.

62.(1) In the circumstances specified in sub-regulation (2) the auditor of a insurance, reinsurance or ancillary insurance intermediary must notify the GFSC of any matters which relate to the affairs of the insurance, reinsurance or ancillary insurance intermediary and of which the auditor becomes aware in its capacity as auditor.

(2) The circumstances referred to in sub-regulation (1) are those in which the auditor has reasonable cause to believe that the matters are or are likely to be of material significance for determining either–

- (a) whether a person is a fit and proper person to carry on insurance or reinsurance distribution business; or
- (b) whether powers under section 69, 97(2), 102 or Part 11 of the Act should be exercised in order to protect investors or customers from a significant risk of loss.

REGULATORY POWERS

Chapter 1

Investigatory and supervisory powers

Directions.

79.(1) If it appears to the GFSC that a person is not fit and proper to carry out any function in relation to insurance or reinsurance distribution carried on by an insurance, reinsurance or ancillary insurance intermediary, the GFSC may direct that the person must not perform a specified function, any function falling within a specified description, or any function as stated in the direction.

(2) Where the GFSC—

- (a) proposes to issue a direction under sub-regulation (1), it must give the regulated firm and the person concerned a warning notice; or
- (b) decides to issue a direction under sub-regulation (1), it must give the regulated firm and the person concerned a decision notice.

(3) Sub-regulation (2)(a) does not apply if the GFSC is satisfied that a warning notice—

- (a) cannot be given because of urgency;
- (b) should not be given because of the risk that steps would be taken to undermine the effectiveness of the direction; or
- (c) is superfluous having regard to the need to give notice of legal proceedings, or for some other reason.

(4) A person aggrieved by a decision notice under sub-regulation (2)(b) may appeal against the decision under section 615.

(5) For the purposes of sub-regulation (3)(a), the GFSC must not consider that urgency exists unless Conditions B and C in section 80(3) and (4) of the Act are met.

(6) If those conditions are met, the GFSC must give the regulated firm and the person concerned a notice stating that the direction takes effect on the date of the notice or on any later date that may be specified in the notice.

(7) Sections 80(7) and (8) and 81 of the Act apply to a decision by the GFSC under sub-regulation (3)(a)—

- (a) as if references in those sections to the varying of a permission or the imposing or varying of a requirement (however expressed) were references to the imposition of a direction under sub-regulation (1); and

- (b) with such other modifications as may be required by the circumstances and context of sub-regulation (3).
- (8) The issue of a decision notice imposing a direction under sub-regulation (1) is a specified regulatory decision to which section 24(3) of the Act applies.
- (9) A GFSC decision to issue a decision notice does not fall within sub-regulation (8) if the recipient has received a warning notice and–
- (a) has agreed in writing to the steps proposed in the warning notice being taken; or
 - (b) has not made any representations to the GFSC within the notice period specified in section 612(2)(a) of the Act (and in that event the GFSC may regard the facts and matters set out in the warning notice as undisputed).

(2) The GFSC may issue a prohibition order against P, which prohibits P from–

- (a) discharging managerial responsibilities within a specified insurance intermediary or insurance undertaking; or
- (b) exercising management functions in insurance intermediaries or insurance undertakings.

(3) The prohibition order must specify the period during which it has effect.

(4) The prohibition order must specify the description of functions to which it applies.

(5) The provisions of sections 158 to 162 of the Act apply to any prohibition order issued under this regulation.

Maximum amounts of administrative penalty.

84.(1) Any administrative penalty imposed under section 152 of the Act for a contravention of a regulatory requirement by a person to whom these Regulations apply must be of an amount which does not exceed the higher of the following–

- (a) where the amount of the benefit derived as a result of the contravention can be determined, two times the amount of that benefit;
- (b) in the case of a legal person -
 - (i) €5,000,000; or

- (ii) 5% of the total annual turnover according to the last available annual accounts approved by its management body;

- (c) in the case of an individual, €700,000.

(2) Where a legal person is a parent undertaking or a subsidiary of a parent undertaking which has to prepare consolidated financial accounts in accordance with Part 7 of the Companies Act 2014, the relevant total turnover for the purpose of sub-regulation (1)(b) is the total annual turnover, or the corresponding type of income in accordance with the relevant accounting legislative acts, according to the last available consolidated annual accounts approved by the management body of the ultimate parent undertaking.

2. Any item required in accordance with paragraph 1 to be shown in a financial statement of an insurance, reinsurance or ancillary insurance intermediary may be shown in greater detail than required by the appropriate format.

3. A financial statement of an insurance, reinsurance or ancillary insurance intermediary may include as a separately identified item any item representing or covering the amount of any asset or liability, income or expenditure not otherwise covered by any of the items listed in the appropriate format.

4.(1) In respect of every item shown in an insurance, reinsurance or ancillary insurance intermediary's balance sheet or profit and loss account or in notes thereto, the corresponding amount for the immediately preceding financial year must also be shown.

(2) Where that corresponding amount is not comparable with the amount to be shown for the item in question in respect of the financial year to which the balance sheet or profit and loss account relates, the former amount must be adjusted and particulars of the adjustment and the reasons for it must be disclosed in a note to the accounts.

5. Amounts in respect of items representing assets or income may not be set off against amounts in respect of items representing liabilities or expenditure (as the case may be), or vice versa.

6. In the case of an insurance, reinsurance or ancillary insurance intermediary which is a sole proprietor, the items to be included in the intermediary's financial statements prepared in accordance with these Regulations must be those which arise in the course of the regulated activity of that intermediary.
